

# TEE LINE SURFACE/FLOATING GREENS/NET

## Easy Picker Tee Line Artificial Turf

Easy Picker Golf is proud to introduce a new generation of nylon turf that is the perfect surface for artificial tee lines.

This turf is manufactured from texturized nylon with 130 ounces of face weight which replaces the old sand filled systems of just a few years ago that required daily brushing and maintenance.

- **1 1/4" pile height for a natural feeling hitting surface.**
- **Turf will not crush out or become hard with daily use.**
- **No need for rubber tees, wooden tees can be used with this turf.**
- **Long life.**

### Installation

Can be directly glued to any concrete surface or can be installed over a crushed limestone base with a sod perimeter to keep the turf in place. **Please Call for Quote**

## FLOATING TARGET GREENS

A wide variety of sizes and shapes are available from 3 foot circles all the way to 30'x50' oval greens.

Call your Account Executive Today for details.

### NT-RETRV - Aqua Range Retrieval Net

Heavy duty polyester mesh net. 10' galvanized handle (2 interlocking 5' sections). Holds approx. two dozen balls.

**\$89.95**
